## EDUCATION

Bachelors of Technology  
Mahaveer Institute of Science And Technology,Hyderabad  
Nov 2021-Aug 2025

## SKILLS

**LANGUAGES:**HTML,CSS,JavaScript,C++,C,Java  
**FRAMEWORKS:**React.js,Socket.io  
**DEVELOPER TOOLS:**Github,Sandbox  
**Relevant Coursework:**DBMS,Data Structure Algorithm

## PROJECTS

### Portfolio [\[Visit\]](#)

- My portfolio website, a showcase of my skills, projects, and professional journey. Built with React, this site is designed to offer a seamless and engaging user experience.
- The website is fully responsive, ensuring an optimal viewing experience across all devices, from desktops to mobile phones.
- React Router is implemented for smooth navigation between pages, making transitions seamless and fast.

### Live Chat App [\[Visit\]](#)

- This live chat app is designed to facilitate real-time communication between users in a seamless and interactive environment.
- Built with Socket.IO for efficient, low-latency messaging, the app allows users to join chat rooms, exchange messages instantly, and leave rooms as needed.
- The app is built with a focus on user experience, featuring easy room creation and intuitive navigation.

### Multi-Resolution Video Player [\[Visit\]](#)

- This is a sophisticated web application designed for seamless video streaming across different resolutions.
- Built using the MERN stack, the player offers users the flexibility to switch between multiple video resolutions without interrupting their viewing experience.
- Users can switch between different video resolutions (e.g., 480p, 720p, 1080p) on-the-fly.
- Integrated custom gesture controls provide an intuitive way to navigate the video player.

## EXPERIENCE

### Web Devloper [🔗](#)

Null Class [🔗](#)

 May 2024 -Aug 2024 (3 months)

- Front-End Development: Created dynamic and interactive user interfaces using React.js, ensuring a seamless user experience across different devices.
- Back-End Development: Developed and optimized RESTful APIs using Node.js and Express, and integrated them with MongoDB for robust data management.
- Version Control: Utilized Git and GitHub for version control, managing codebase efficiently, and collaborating on various projects with the team.

## ADDITIONAL

**Languages:**Conversational Proficiency in English,Fluent in Hindi
